They'd never end  
 We thought  
 my friends  
 Those were the days

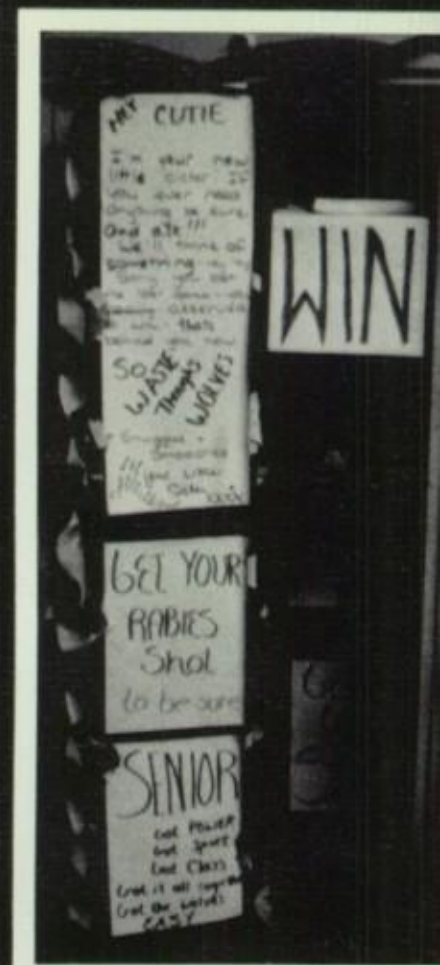

We'd sing and dance,  
forever and a day.

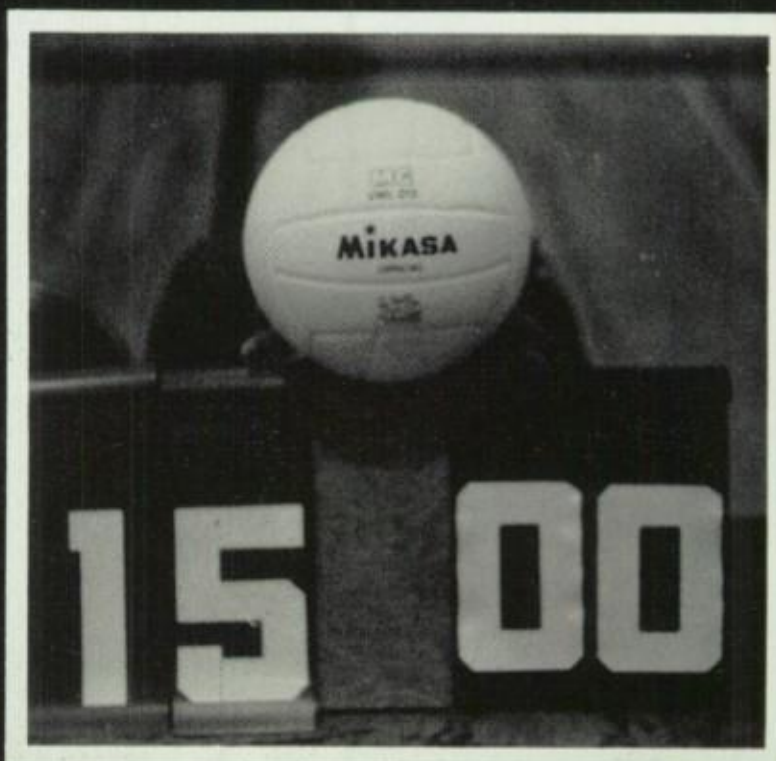

We'd live the life we choose.

We'd fight and

never lose

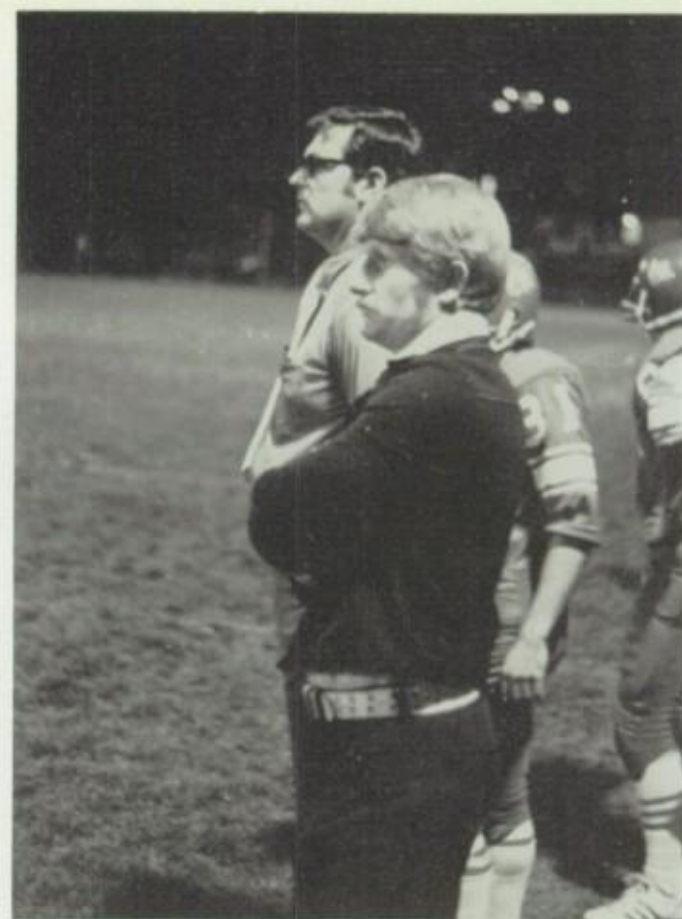

For we were young,  
and sure to have our way.

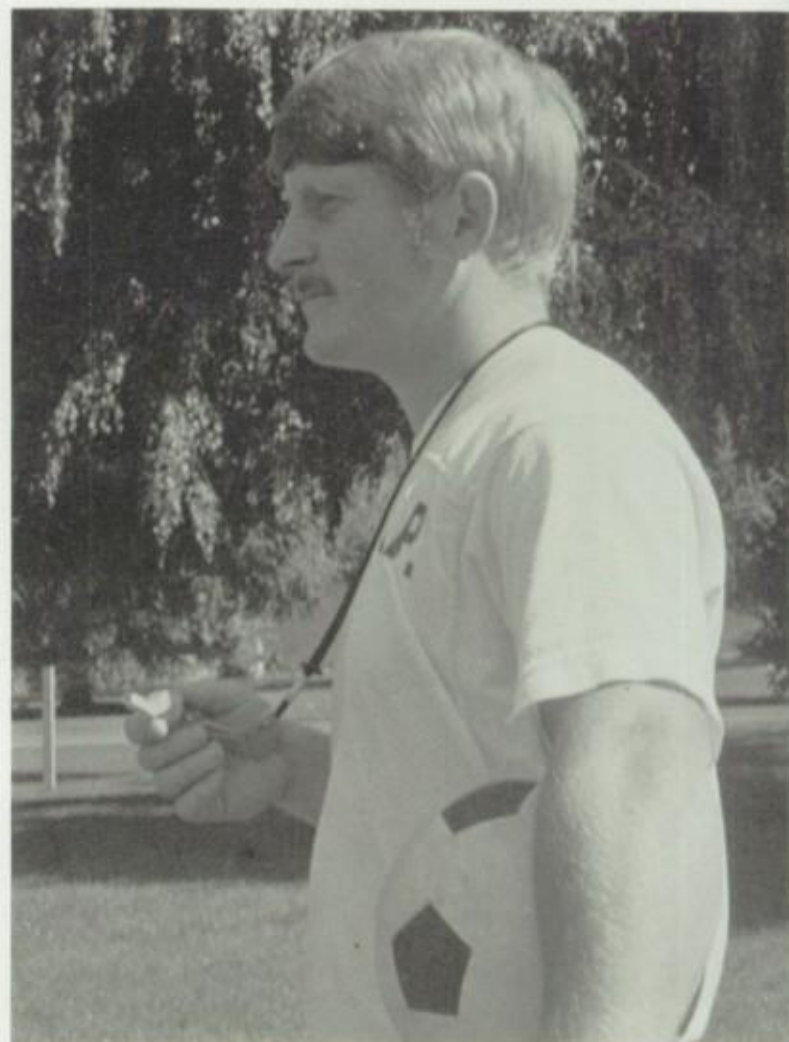

You get to know J.P. from the moment you enter P.H.S. As a freshman, you learn the basics of leading a healthy life. This man influences life around P.H.S. in a big way. Whether you're in the steamy lockerroom, in from the track, or on the grid iron, he is there pushing you to do your very best and yet not afraid to congratulate you for a good effort. He is from a sports-oriented background and has always had that competitive spirit. Because of his unselfish dedication to the student and the athletes of Prosser High, we proudly dedicate the 1977 Mustang to ...

# 12 Years Together

In September of 1965 we began what was to be a 12 year career in schooling. Our mothers took us to the school or to our respective bus stops where we trotted off to our teachers, anxiously anticipating what was to come of it all. We began learning to read and write and after that we copied nursery rhymes from off the blackboard to help increase our vocabularies. Everyday we read about Dick, Jane, and Sally and played ball with Spot the dog and Puff the kitten.

In second grade we let out our classroom frustrations on the monkey bars over which we had priority. We took two major excursions that year to the post office and the fire station where the fireman, who led us through, seemed to get a kick out of scaring us to death when he turned on the fire alarm.

Changing one class a day was a real big thrill for us in third grade. Along with learning our times tables, learning to write writing was another of our great accomplishments. We always looked forward to Halloween, Christmas, and Valentine's Day when we volunteered our moms to make goodies for our room parties. We especially liked Valentine's Day when we sent special valentines to our special friends.

To Heights we went where kickball, hopscotch, four square, and fly-up were the big things. Some of us were patrolmen, and we would throw our red flags out and stop cars so that our friends could cross safely. We showed off our athletic abilities when Mr. Miller's Physical Fitness Test and Junior Olympics came around.

To Middle School we went—ready and rarin' to go. It was quite a change from Heights. Changing classes seven periods a day, locks on lockers, four minutes in-between classes, and no recesses were a major catastrophe to us. We figured one consolation was the party we had at Christmas; then many of the girls were disappointed when the big day finally came and the girls lined up on the dance side, and the guys went and played games. We sold magazines and set another all-time high in sales. We enjoyed getting away with little things, such as chewing gum in class (but woe to those people who were caught). And then on the last day of school each year—"watch out, or you'll get thrown in the ditch. . ." that was another big fling.

After spending two years at the Middle School (and being top dogs there), we were demoted to the Freshman class. Did we care? No sir! We were proud to be in High School. Here we began to prove that we were better than the freshmen who had proceeded us—not saying they were bad or anything but that we were extraordinary freshmen. We set out to conquer homecoming with our float, hall, and skit. Too bad. It didn't end up that way. As sophomores we were greeted with a new administration. At homecoming that year we improved our standing: a better float, a better hall and a better skit. And on top of that we won the spirit stick which was a real honor to us.

Evenings of preparation went into "Reflections of Yesterday" which was the 1976 Junior-Senior Prom. As Juniors, we were put in charge of the big dance of the year. Our class unity prevailed as we Juniors got together in preparing for homecoming with our gorgeous hall and nifty float theme, "Get in There and Go-Flush the Falcons".

At last we've reached the peak of our secondary schooling. Twelve years of anticipation—some realized, some not. Now we are on top for the last time. We were ushered in our final year by a new and efficient administration and an A.S.B. President who led his beloved school through a fantastic year. As seniors we captured the award for halls and skits at our final PHS homecoming. The serpentine and bonfire were held at a new location, but the spirit of the occasion was just as strong as ever.

From the beginning we have learned and had fun; we'll remember each other—we did it together. It's been great. Soon it will all be over and the class of 1977 will be a memory.

Alas, another class moves on . . . BEST WISHES SENIORS!!!

# Those were the days...

Charlie - It's kind of sad  
in a way to have to say - Those  
were the days - but it is nice  
to be almost thru. Charlie thru  
Civics. I have gotten to know you  
a little and you seem like some-  
one who really knows who he  
is or is at least trying to know  
yourself. I really admire  
that cuz it seems a lot of us  
are too afraid to know. Hope  
you've enjoyed your Senior Year  
and am thankful I had the  
chance to get to know you as much  
as I did. God's Blessings with  
you always.

Mike Halstead 97

Time has come  
for us to reflect upon  
the achievements-  
successes and disappointments  
that have brought us to  
where we are now.  
Search for a foundation upon which  
to build a future,  
a destiny,  
now begins.  
Where will we be  
in a few  
years from now?  
Each will be to his own destiny  
according to his desire  
and accomplishments.  
Each is the determiner  
of his own future.  
Now, as you reflect,  
look on to what makes you  
who you are.  
Build up your being.  
Become.

Charlie; I have learned a lot  
from you this past year. It has  
been an experience knowing you  
these past months. I won't write  
something coming about how fun  
it has been just that I'm not back  
but you and I see it you are  
destined to succeed.

Charlie

I have really enjoyed knowing you we  
had a few good moments and times together  
I wish we could have had more of them.  
I hope you have a really good time in  
College and that you succeed in what you  
strive for in the future and you have a good  
time while you are at it. Live the life you  
choose and fight and never loose. God Bless  
you and Good luck in the future
